

GROW

DEEPER IN YOUR FAITH

I've accepted Jesus Christ as my Savior. Now what? Here are some useful habits to help you grow in your new relationship with Jesus!

- 1** Tell another believer that you've prayed to accept Jesus and have repented of your sins. Find a Christian friend who you can confide in and who can help to guide you in this journey.
 - 2** Read your Bible. As followers of Jesus, the Bible is our greatest resource against Satan's tricks and attacks.

Start in the Old Testament with the books of Genesis and Exodus. Follow in the New Testament with the books of Luke and Acts, then onto the gospel of John.
 - 3** Pray. Seek God in your daily life. Be real, don't try to impress God or others with your prayers. Be relaxed and reveal to him your true thoughts and feelings. Simply initiate and maintain conversation with God.
 - 4** It's ok to ask questions! We are here and ready to help.
